

# WINTER WEATHER HITS MIDWEST AREAS

## Britain Reveals Full Details of U. S. Proposal

**American Plan to Cut Armed Forces Rejected by Russia**

LONDON (AP)—Britain disclosed today that the United States has offered flatly to reduce its armed forces by 2,000,000 men, France by 300,000 and Britain by 250,000 under a disarmament plan that Russia has rejected.

British Minister of State Anthony Nutting revealed to a press conference the first full details of the new Western disarmament plan. The United States has not disclosed the details. France disclosed only part of them Friday night.

Nutting said the West, laying down specific figures for the first time in disarmament talks, has proposed that the world's major powers reduce the manpower ceilings of their armed forces to the following levels:

United States, 1,000,000 to 1,500,000 men; Russia, 1,000,000 to 1,500,000 men; Red China, 1,000,000 to 1,500,000 men; Britain, 250,000 men; and France, 250,000 men.

Nutting said these figures would represent a cut under present levels of 2,000,000 men for the United States, 300,000 men for France and 250,000 men for Britain.

**Russia Wants One-Third Cut**  
The Soviet Union has refused to say what such a cut would leave it with, has rejected the Western plan, and has revived its old demand for a flat one-third across-the-board cut in troop levels for everybody.

Jules Moch, the French delegate to the talks which have been underway here for almost a month between the United States, Britain, France, Russia and Canada, pointed out that Russia now has the largest army in the world.

Since this is so, he said, the one-third cut would leave the Soviet with 3,500,000 men — more men than the U. S., Britain and France combined would have under their proposed ceiling.

Nutting said the West's plan proposes reductions that "would establish a fair balance of forces between the East and West, and would break up the mass armies of the world."

But he shared the view expressed Friday night by U. S. Delegate James Wadsworth. In this, Wadsworth pointed out that Russia with its proposal for a flat one-third cut was trying to perpetuate Soviet supremacy in mass armies.

## House Group Votes \$5.8 Billion For VA, Agencies

WASHINGTON (AP)—The House Appropriations Committee decided today to give the Veterans Administration an extra \$16,885,000 for modernizing its old veterans hospitals, some of which it regards as firetraps.

This was in addition to the \$11,500,000 requested by the Budget Bureau for the V. A.'s hospital modernization program in the 1956 fiscal year.

The committee voted the extra money in approving a bill recommending an outlay of \$5,845,595.375 to operate the V. A. and more than a dozen other independent government agencies in the year ending June 30, 1956.

Of this total, about 80 per cent, or \$4,663,126,000, went to the Veterans Administration.

The committee did not spell out just what veterans hospitals would be modernized with the extra funds.

As approved by the committee, the total outlay represents an increase of \$205,805,375 from the estimate in President Eisenhower's budget for the independent agencies and an increase of \$732,655,112 from the appropriation for the current 1955 fiscal year.

The committee said the increase over the President's estimates is due primarily to its decision to appropriate 250 million dollars for the Civil Service Commission's retirement and disability fund, for which there was no provision in the budget.

**Harrisburg Lions to Meet Monday with Carrier Mills Club**  
A joint meeting of the Harrisburg and Carrier Mills Lions clubs will be held Monday evening at the Masonic temple, Carrier Mills. Dinner will be served by Carrier Mills chapter of Order of Eastern Star.

Harry Trott, governor of Lions district 1C, will be the guest of honor and will speak at the meeting. The meeting also is a Ladies night.

## Senator George Expects Exploratory Talks for Parley After Pact Ratified

**By United Press**  
Sen. Walter F. George expects "exploratory talks" on a possible big power conference to begin as soon as the way is cleared for German rearmament.

But he emphasized that the Paris Agreements on rearming Germany must be ratified by all the parties involved "before there can be any move at all" toward a big power meeting.

The Georgia Democrat's remarks came as the Senate Foreign Relations Committee went into a closed meeting with Gen. Alfred M. Gruenther, supreme U. S. commander in Europe. George, chairman of the committee, said the group would discuss both German rearmament and the European situation generally with Gruenther.

George also said he does not think a "crisis or undue tension" caused the President to invite Democratic and Republican congressional leaders to confer with him on foreign policy at the White House next week. He said he considers the President's invitation mainly a

"friendly gesture" toward Congress. Sen. Thomas H. Kuchel (R-Calif.) said, meanwhile, he thinks the President "was completely correct when he said Soviet Russia must prove her good faith by deeds before any negotiations for a high-level conference might be held."

Other congressional news: Peress: Sen. Joseph R. McCarthy (R-Wis.) said there should be a shakeup in the Army because of its "abysmal incompetence" in handling the Peress case and that Army Secretary Robert T. Stevens should resign. Maj. Irving Peress was an Army dentist who was promoted and discharged even though he refused to say whether he was a Communist.

Communists: Sen. Karl E. Mundt (R-SD) suggested the Army require enlisted men who are Communists to serve in battle posts as dangerous as those given ordinary soldiers.

**Documents.** The State Department said Secretary of State John Foster Dulles will answer personally a written demand by Sen. Hubert H. Humphrey (D-Minn.) that Dulles name the person who leaked the Yalta papers. The department said Dulles at present does not know who leaked the documents.

**Benson:** Agriculture Secretary Ezra T. Benson branded as "political propaganda" a House Appropriations Committee report of nouncing him and his operation of the Agriculture Department. The Democratic-controlled committee said, among other things, the farmer's economic condition has grown steadily worse and Benson has done little to improve it. Two Republican committee members, Reps. Charles W. Vorse (Ill.) and Walter Horan (Wash.), agreed with Benson, saying the committee report was "fraught with political implications."

**Civil Defense:** Civil Defense director Val Peterson told the Senate Appropriations Committee the government needs a factual study on how to evacuate cities in case of enemy attack. He appealed for approval of a 12-million-dollar request to finance the study. He said first priority should go to plans for evacuating cities of one million population or less.

**Fighting broke out near the North Station when the mob tried to head up town towards Parliament. Mounted gendarmes charged into the crowd and sent it reeling back towards the confinement area of the boulevards.**

**Mobs Fill Streets**  
The boulevards and the side streets connecting them were black with the milling shouting mob. Chants of "Down with (Education Minister Leo) Collard" mixed with the bang of firecrackers, boos, yells and whistles.

Five persons were injured in the cavalry charge and the crowd parted to allow a clanging ambulance through to rush the victims to a hospital.

The throng's flat defiance of a two-day-old ban on assemblies of more than five persons heightened the danger point the worst civil disorders to hit Belgium since the 1950 riots which dethroned King Leopold III.

Some 30,000 Catholic youths slipped through police lines during the past few days to protest efforts by the Socialist government to cut government subsidies to Roman Catholic parochial schools.

The government declared a state of emergency in Brussels and at province of Brabant and issued the decree banning gatherings in an effort to prevent bloodshed.

**Four Eldorado Youths Turned Over to State Commission**  
Four Eldorado youths today were placed in the hands of the Illinois Youth commission for disposition of their cases after they admitted before County Judge Trafton Dennis that they attempted to steal cars in Eldorado. The youths, who were returned to the Saline county jail, were Joe and Jerry Hudson and John Bob Herron, who had recently been placed on probation, and Earl Wayne Dooley.

**Allen N. Hafford Dies at Eldorado**  
Funeral services for Allen N. Hafford, Eldorado, coal miner who died yesterday at 11:45 a. m. in the Pearce hospital in Eldorado, will be held Monday at 2 p. m. at the Calvary Baptist church in Eldorado. Rev. Robert Tabb, assisted by Rev. Earl Barton will conduct the service.

Burial with military rites will be in the Dodd cemetery. The body lies in state at the Bean and Tanner funeral home.

**MINES**  
Sahara everything idle. Peabody 43 works. Blue Bird 8 works. Carmac idle.

## Three Killed as Bomber Crashes In Dust Storm

EL PASO, Tex. (AP)—Three fliers were killed Friday night when their RB-47E six-jet reconnaissance bomber crashed in a residential district and exploded while they were trying to land at El Paso International Airport during a dust storm.

The plane was part of the 90th Strategic Reconnaissance Wing at Forbes Air Force Base, Topeka, Kan. No one else was killed. A second plane, a TV-2 single-jet Navy trainer, also was reported to have crashed east of El Paso with two men aboard, but Maj. Robert Nelson, Biggs Air Force Base public information officer, said the wreckage of this plane had not been found during the night and the search was called off until daylight.

The RB-47E had been diverted to Biggs Air Force Base in El Paso on a flight from Lake Charles, La., because runways at its home base in Topeka had become snow-covered and dangerous.

Killed were Maj. Jules M. Fantell, Capt. Joseph R. Kingston, and 1st Lt. J. R. Wilson. Mrs. Helen Ledgewood, a civilian resident of the area, was burned, but not seriously, by flaming metal from the plane when she and her husband ran from their home near the crash scene.

Wreckage in Friday night's crash was scattered over three blocks and the grass was burned black where the big plane hit. It crashed on the foundations of what was to be a new home.

**Gallatin County Girl Wins Tri-State Spelling Contest**  
Miss Patricia Useton, eighth grade student at Ringgold rural school south of Shawneetown in Gallatin county, won the Tri-State Spelling bee held at Evansville Friday.

Saline county's spelling champion, Miss Kay Mitchell, also participated in the meet at Evansville and was the 16th spelled down from a field of twenty-four.

Kay was accompanied to Evansville by her parents, Mr. and Mrs. Victor Mitchell. She was spelled down on the word "erroneous."

Patricia, who won the Gallatin county championship for the second time last Saturday, was accompanied to Evansville by her teacher, Mrs. Yules Wren.

She is now eligible for the national contest, which will be held in Washington, D. C., May 19.

The Evansville match is sponsored annually by the Evansville Press.

All participants received a medal and were guests of honor at a noon banquet.

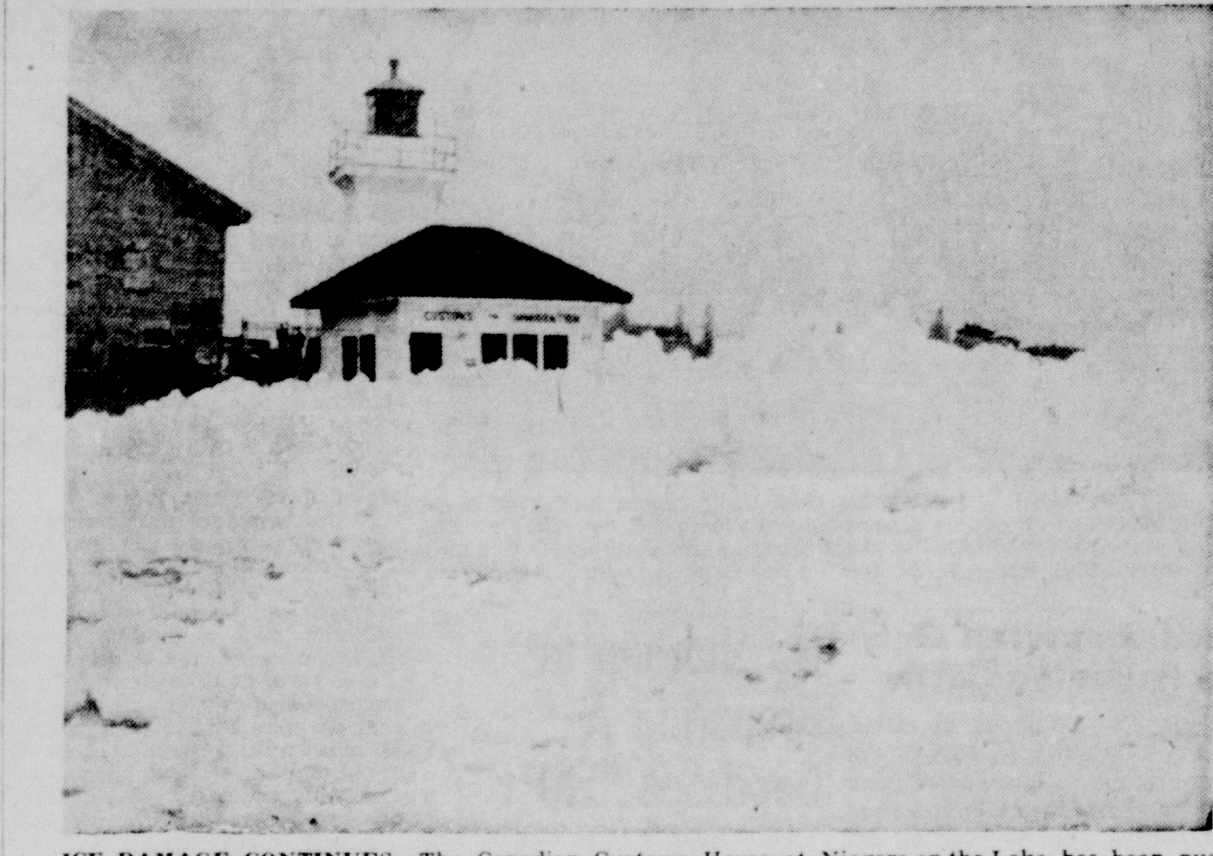

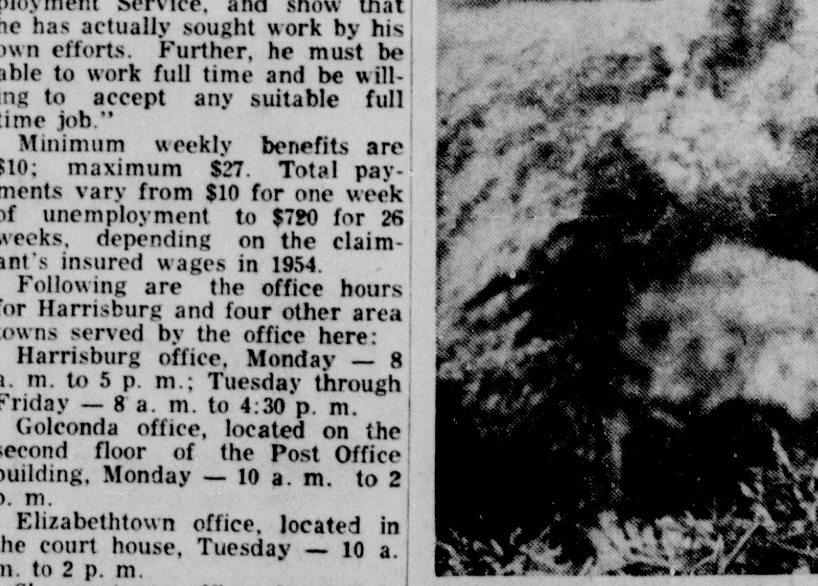

**Two Men Killed When Auto Hits School Bus**  
DOWNERS GROVE, Ill. (AP)—Two men were killed when their auto crashed into the rear of a bus carrying 40 school children, but the children escaped injury.

Paul Sweeney, the bus driver, said he had made a regular stop for some of the children when the accident happened Friday.

Matthew Schmolker, 55, and John Hartnagel, 68, both of Downers Grove, died in the collision.

**Hood Rites at Mt. Carmel Sunday**  
The funeral of W. A. Hood, former Harrisburg resident who died Thursday night in Mt. Carmel, will be held Sunday at 2 p. m. at the Roy Short funeral home in Mt. Carmel. Burial will be in Mt. Carmel.

**WHAT'S THIS?**—A wary squirrel on Capitol Hill cautiously approaches a golf ball (a gift from President Eisenhower to a news photographer) behind which the photographer placed several peanuts. Down at the other end of Pennsylvania Avenue, the White House admitted that three squirrels were "harmlessly trapped" on the White House grounds to avoid damage to the putting green, and then released in nearby Rock Creek Park.

**ICE DAMAGE CONTINUES**—The Canadian Customs House at Niagara-on-the-Lake has been pushed 30 feet from its original location and is badly damaged. The lower Niagara River ice jam, described as the worst in 46 years, has formed in a nine-mile stretch and reaches 30 feet high in some places. (NEA Telephoto)

## OIL REPORT: Roy Cook-Speer Well No. 3 Flows 1,350 Barrels Per Day on Initial Production

**From Jerry Robertson's Tri-State Oil Report**  
The Walter Duncan-J. D. Turner Roy Cook-Speer No. 3, 500 feet north and 330 feet west of Sec NE SW, 15-8s-7e, was flowing from the Waltersburg at a rate of 1350 barrels of oil and 1350 barrels of water per day on initial production. The well was given hydrofracture treatment.

Carter Oil Co.'s Ernest H. Patton No. 1, SW NE NW, 14-8s-7e, made an oil well in the Waltersburg with initial production of 300 barrels of oil and 300 of water per day on flow.

The Lindsay - Pitts - Bassford George L. Mugge No. 3, SE NE NE, 15-8s-7e, made an oil well in the Waltersburg and was pumping 32 barrels of oil and five of water per day. Their Mugge No. 4, NE SE NE, 15-8s-7e, had initial production of 262 barrels of oil, 144 barrels water per day on flow from the Waltersburg.

F. L. Beard's Barton Communized No. 1, 330 feet north and 430 feet west of Sec SE, 21-8s-7e, was dry and abandoned. Other activity for the period ending March 24:

Bond D. Jones' Tom Mahoney 2-A, NWE SE SW, 21-7s-7e (Rector township), was located to drill out an old hole dry and abandoned by same operator May 8, 1952. Mud delayed work.

George W. Wether-Paco's Austin Roberts No. 1, SE NE NW, 4-8s-7e, was drilling at 1152.

W. C. McBride's Nona Carder No. 2, SW SE SE, 10-8s-7e, awaited cable tools to test the Cypress.

McBride's E. Glascock, SE SE SW, 10-8s-7e, was cleaning out and testing the Cypress.

McBride's Harry Flanders No. 4, SE SE SE, 10-8s-7e, was waiting on cement to set five and a half inch casing through the Tar Springs.

The Inland-McBride Clyde Koker No. 1, SW SE SW, 11-8s-7e, was cleaning out and testing the Waltersburg following fracture.

The Inland-McBride Clyde Koker No. 2, NWE NW NW, 14-8s-7e, was drilling at 2026.

Olen D. Sharp's Joe Matthews No. 1, SW NE SW, 4-9s-6e (Harrisburg township), was located for drilling.

Carter Oil Co.'s Ernest H. Patton No. 2, NWE NW NW, 14-8s-7e, was waiting on cement on mine string.

Walter Duncan's Roy Cook-Speer No. 5, SW NE SW, 15-8s-7e, was waiting on cement to set seven inch casing through the Tar Springs. A two-hour drill stem test in the Aux Vases recovered 64 feet of drilling fluid, bottom hole pressure 960.

McBride's C. H. Burnett No. 2, SE NE NW, 15-8s-7e, was on flow testing the Waltersburg. Following fracture it flowed 40 barrels of oil an hour.

Inland Producer's Don Vinyard Communized No. 1, 388 feet north and 300 feet east of SW NE NW, 21-8s-7e, was drilling at 2837.

**J. R. Wright, 92, Retired NYC Agent, Dies at Stonefort**  
James R. Wright, 92, Stonefort, retired dispatcher and agent for the New York Central Railroad and who had worked in that capacity for 48 years before his retirement, died Friday at 2:30 p. m. in the Lightner hospital.

He had been ill only a short while and death was due to a paralytic stroke.

Funeral services will be held Sunday at 2 p. m. at the Thornton funeral home in Stonefort where the body lies in state. Rev. J. O. Hardy will officiate, and burial, assisted by Masonic rites, will be in the Robinson cemetery near New Burnside.

His survivors include one son, J. S. Wright, Stonefort, and two daughters, Miss Pearl Wright, also of Stonefort, and Mrs. Roy Rievely of Harrisburg.

## Temperature Here Drops To 10 Above

The temperature dropped to ten degrees above zero this morning, which might be a record low for March 26 in Harrisburg.

The official reading was reported by Weather Observer Clyde Pittman, who said the mercury had risen to 12 at 8 a. m.

The bitter cold, which came last night accompanied by snow, in all probability will have a disastrous effect on peaches and other fruit trees which are at the blooming stage.

"In my opinion," said L. B. Kimmel, Saline county farm adviser, this morning, "if the recent 20 degree temperature killed 80 per cent of the southern Illinois peaches, the 10 degree reading should wipe them out."

Mr. Kimmel, who said that at least the first leaves on shrubs and flowers were probably killed off by the cold, said that farmers should check their spring seeding of legumes, that clovers and alfalfa might be hurt.

He also said that wheat, after its vigorous growth during the previous weeks, might be affected. The wheat should not be killed probably will be set back, he declared.

The snow which fell was accompanied by bitter winds but the snowfall was very light here. Roads in these parts were in good condition, with slippery places only in spots.

## Bruce Barrington Buys Station WEW at St. Louis

Bruce Barrington, who was employed by radio station WEW here nearly 20 years ago, has bought station WEW at St. Louis, the second oldest station in the United States.

Barrington, whose real name is Aubrey D. Reid and uses the other name professionally, was here around 1937. He came here as a roofing salesman and became an announcer, doing an outstanding job of broadcasting during the 1937 Ohio river flood.

He left Harrisburg and joined radio station KKOK, St. Louis, in 1938, working up to the position of station manager.

The sale is subject to the approval of the Federal Communications commission.

Station WEW was founded in 1921 by St. Louis university, which has operated it since that time. Sale of the 1,000-watt station operating 770 kilocycles, was for "more than \$50,000."

Upon approval of the sale by the FCC, the station will be moved from the university campus to quarters not yet selected.

## Reception Sunday Night For Rev. Emig and Wife

On Tuesday Rev. and Mrs. J. P. Emig will move to their new church at Edwardsville, Ill. This Sunday evening there will be a reception in the lower rooms of the Presbyterian church for Mr. and Mrs. Emig. The community as well as the members of the church is invited to attend.

## Motorist Fined

City police yesterday afternoon arrested a motorist they said was driving 45 miles an hour on South Granger street at a time that school pupils were going home. He paid a fine before Police Magistrate Charles McKenzie.

## March Lion Roars Over Most of Nation

**Snow from Missouri To Ohio; Dynamite Niagara Ice Jam**

**By United Press**  
The March lion roared over the nation today, with snow storms in the north, dust storms in the Southwest, and floods in the South. And a crushing ice jam in the Niagara river had to be dynamited—but the sun shone in the far South and in California.

Freezing, rainy weather plagued evacuees along the flooded Tombigbee river in Mississippi. The river crested at 37.3 feet, eight feet above flood stage, and flood waters covered an area in north-eastern Mississippi 50 miles long by 15 miles wide. At least 1,200 persons were driven from their homes, and the rampaging waters affected another 1,300.

The towering ice jam in the Niagara crushed cottages, piers and boat houses, and trapped power installations, small boats and wharves. An Army helicopter tried to blast out the massive jam by lowering 50-pound dynamite charges into the heaving ice.

At El Paso, Tex., a jet reconnaissance bomber crashed in a fierce dust storm, killing its three crew members.

A tornado struck at White Pine, Tenn., damaging several homes. A forest fire which already swept 6,000 acres near Whiteville, N. C., still blazed "dangerously."

**Snow, Cold in Midwest**  
Winter weather hit the nation's mid-section. Snow and cold temperatures swept wide areas from the great plains to the Ohio Valley. In Texas the Arctic cold poured southward, accompanied by winds up to 40 miles an hour. The temperature dropped at Abilene from a high of 62 to 23 in less than 24 hours.

Below freezing temperatures extended from Albany, N. Y., southward to Austin, Tex., and up along the continental divide. Below zero readings were felt in Montana and the upper Midwest, and the mercury fell to 10 degrees as far south as southern Kansas and Missouri. The coldest spot in the nation was Drummond, Mont., with 20 below.

Snow up to five inches deep extended from Missouri and southern Iowa to Ohio. The Rocky Mountain states had heavy snow and cold weather. The temperature was 5 below in Wyoming and Colorado, and 18 inches of snow fell at Sheridan, Wyo.

Almost all hope was lost for the Texas fruit crop because of the unseasonal cold from knifing through the state. And sheepsman in South Dakota and Montana, who have sheared their sheep, believed the cold wave may cause serious losses among the animals. Cattlemen, not untouched by the zero cold and strong winds, were concerned for the new calf crop.

**Syngman Rhee Is 80 Years Old**  
SEOUL, (AP)—President Syngman Rhee was 80 years old today. The birthday of the first president of the Republic of Korea set off a wave of merrymaking and celebration throughout the republic. Broken cities and villages covered up their shell and bullet holes and tried to look their best.

Messages from well wishers poured in from throughout the world.

President Eisenhower wished the aged Korean leader "many more years of continued service" and continued close association between the United States and the Republic of Korea.

**Services Cancelled**  
Rev. J. Andrew Rafferty, pastor of the Church of God on South Land street, announced today that services will not be held at the church tomorrow due to the weather. The new church is not completed and the old church is partially dismantled.

## The Weather

ILLINOIS: Partly cloudy cold and windy with occasional snow flurries mostly north and east portions tonight. Sunday partly cloudy and not quite so cold. Low tonight 10-15. High Sunday 27-34.

**Local Temperature**

Friday	Saturday
3 p. m.	37 3 a. m.
6 p. m.	30 6 a. m.
9 p. m.	25 9 a. m.
12 mid.	18 12 noon

16 13 20 23

**BIBLE THOUGHT FOR TODAY**  
He hath made everything beau-  
tiful in his time.—Ecclesiastes 3:11.  
Another proof that God so loved  
the world. We beautify that which  
we love.

#### Public Manners

**Editorial by Bruce Biossat**  
Maybe you read about the woman  
who was indicted recently for re-  
fusing to get off a party telephone  
line when a man sought to report  
a fire in his house. He had to get  
into his car and drive half a mile  
to another telephone.

It's less likely you saw an item  
telling how a housewife in a big  
city tried to charge a sanitation in-  
spector with petty bribery after he  
gave her a summons for littering  
the street. Walking right past a  
nearly empty litter basket, the wo-  
man had rolled up a paper bag she  
was carrying and tossed it into  
the gutter.

Next day she stormed into the  
sanitation department office, de-  
manded to see the "commissioner,"  
declared she had dropped a "piece  
of paper" by accident, and charged  
the arresting inspector with at-  
tempted bribery. Fortunately, the  
officer had a witness to the whole  
incident on the street.

These examples of bad public  
behavior could be multiplied many  
times today. They can be found  
anywhere in the land, from the  
country lane to the most crowded  
city streets. It's a growing prob-  
lem that we had better meet.

We Americans grow more nu-  
merous every day. The experts  
say that by 1975 there'll be 220  
million of us, against 164 million  
now. If we are to live as decent  
human beings, we must accommo-  
date to these rising numbers. And  
that means we must exhibit better  
public manners than many of us  
are doing.

Confronted with often surprising  
hordes of people as we move about  
on the streets and highways, in  
stores, stations, theaters and the  
like, too many of us shove, bump,  
dig with our elbows, and try to  
jam in ahead of others who were  
"there first." We cast paper and  
other litter about as if the world  
were our wastebasket.

This is a spacious country. We've  
always had plenty of room to roam  
in, though our cities have been  
fairly well crowded for some time.  
But our communities are becoming  
teeming places today. It isn't easy  
for us to learn the lesson that we  
must accommodate to each other  
if they are to be at all endurable.

Think ahead. In most of the  
places we know there will be more  
people next year, a good many  
more five years from now, and  
more than we can perhaps imagine  
20 years hence.

If the level of public manners  
drops as our numbers increase, and  
this seems to have happened in re-  
cent times, then we'll soon be in  
danger of aping the ways of the  
jungle.

Basically, good public behavior  
stems both from self-respect and  
respect for your fellow men. If  
you think well of them, then it will  
be natural for you to act as if you  
knew they were around and had  
rights of their own, rights which  
often conflict with yours.

Then you will exhibit kindness  
and deference and courtesy. This  
is what we mean by "accommoda-  
tion." There must be much more  
of it if life in America's public  
places is to be not only bearable  
but pleasant, attractive and reward-  
ing in the crowded years ahead.

#### Deep Plowing No Help To Alfalfa, Corn, Oats

LINCOLN, Neb., (AP)—An agron-  
omist at the University of Nebras-  
ka said studies show it doesn't help  
alfalfa to plow deeper than nor-  
mal, nor does such a maneuver  
aid growth of corn and oats.

The agronomist, Dr. M. D. Wel-  
don, said the studies covered a  
five-year period and included or-  
dinary plowing at a depth of six  
inches, and plowing to a depth of  
12 inches.

# Items of Agricultural Interest

## This Week at Dixon Springs

(A round-up of the week's  
work, activities, and observa-  
tions at the University of Illi-  
nois Dixon Springs Experiment  
Station near Robbs in southern  
Illinois, prepared by the Sta-  
tion's staff.)

**Spring Clover Seeding Completed**  
Wayne Mizell, chief of seeders  
at Dixon Springs, reports that his  
crew has finished broadcast seed-  
ings of clover and lespedeza in  
winter cereals and fall-seeded  
grasses. Conditions in southern  
Illinois during the forepart of  
March are usually ideal for such  
seedings. The ground is honey-  
combed, and the seed falls into  
the holes and is covered by alter-  
nate freezing and thawing.

The seeding crew scorns the use  
of tractor seeders and strikes out  
across the field on foot with hand-  
operated windmill seeders. There  
are too few days when the ground  
is firm enough to use a tractor  
seeder. If one waits for firm con-  
ditions to use the tractor, it is  
usually too late for best seeding  
results.

#### Water From Farm Ponds

In preparing for the grazing sea-  
son, a crew is busy running water  
lines from a new farm pond to pas-  
tures. The plastic pipe that is be-  
ing used can be laid quickly by a  
subsoiler with a pipe-laying tool  
that goes on the rear of the tractor.  
One farm pond is serving 20 ex-  
perimental pastures, several gen-  
eral pastures and the sheep barns  
by gravity flow. In all, about 450  
acres of pasture land are watered  
from this one pond. When ponds  
can be so fortunately located, quite  
a saving is possible.

#### Forest Fire Season

The windy days of March make  
us conscious of the fire season in  
the Shawnee National Forest. Our  
morning was jogged again this  
morning when we saw the Dixon  
Springs forestry crew rigging up  
a short-wave radio in their truck.  
Fires have been common during  
the last three dry years but, thanks  
to good observation and reporting,  
they have been brought under con-  
trol without extensive damage.

Help yourselves as well as the for-  
estry boys by being careful about  
starting fires. Why not nitrate and  
plow under those broomsedge fields  
instead of burning them off? It  
will pay you!

#### Get Machinery in Shape

Lee Phelps and Don Morris, Sta-  
tion mechanics, are busy inspect-  
ing, repairing and replacing worn  
parts on mowing machines, hay  
balers and forage choppers for the  
rapidly approaching forage-making  
season. Lee feels that the old  
adage, "a stitch in time saves  
nine," is particularly applicable to  
forage-harvesting machines.

#### Interest in Bang's Law

Farmer interest is high, particu-  
larly in the dairy areas, in changes  
in the Illinois Bang's law, re-  
ports Dr. M. E. Mansfield, who  
held a meeting with Jerry Cash,  
dairy extension specialist, in Free-  
burg, St. Clair County, on Wednes-  
day, March 9. Dee says the hour  
of parting was 11:30 p. m. so the  
group must have been interested.  
Charley Glover, St. Clair County  
farm adviser, has planned three or  
four meetings in various places in  
the county to bring dairymen and  
cattlemen up to date on recent  
changes in the Bang's law.

#### General Pasture Seeding

Last week the seeding crew  
broadcast the following mixture on  
a 70-acre general pasture known as  
the Austin tract: 7 pounds of les-  
pedeza, 4 pounds of Kenland red  
clover, 1 pound of Ladino, and 2  
pounds of sweet clover. This seed-  
ing was made on a seeding of 1  
bushel of wheat, 7 pounds of orch-  
ard grass, 2 pounds of retdop, and  
3 pounds of timothy, made last  
fall. This is one of the common  
general pasture mixtures used at  
Dixon Springs.

## Windbreaks are Excellent Shelter For Wildlife

If you like to hunt in winter and  
have colorful song birds around  
in summer a farm windbreak will  
help you get the birds, says W. F.  
Bulkeley, farm forester at the Uni-  
versity of Illinois College of Agri-  
culture.

Besides making conditions more  
comfortable for livestock and peo-  
ple working around the farmstead,  
a windbreak also provides shelter  
for wildlife.

Limbs close to the ground offer  
good protection for wildlife when  
winter cold and snow make life  
rough for them.

You don't have to wait long for  
results. When the trees are young,  
you'll find ground nesting birds—  
bobwhites, field and song sparrows,  
meadow larks—living in the wind-  
break.

In four or five years, birds that  
nest in trees will begin there. These  
include wood thrush, brown creep-  
ers, mourning doves and cardinals.

Winter residents like cardinals,  
bluejays and nuthatches will be at-  
tracted too. Game birds like pheas-  
ants and quail will use the wind-  
break as a nesting and feeding sta-  
tion. Squirrels will make use of  
it when the trees are large enough.

Nesting boxes will help.  
Now is the time to start planning  
your windbreak, Bulkeley says. Or-  
der trees early this spring to be  
assured of the kind you want.

You can get help in planning a  
windbreak by writing to the Col-  
lege of Agriculture, Urbana, for  
Circular 38, "Windbreaks in Illi-  
nois." Or call on your county farm  
adviser.

The experts recommend dry  
cleaning for suede garments, but  
in between professional cleanings,  
you can sponge off grease or dirt  
spots with a regular dry cleaning  
fluid.

at the Grand Sunday, Monday and Tuesday.

## Starter Solutions Are Needed for Garden Transplantings, Specialist Says

CARBONDALE, Ill.—Gardeners  
and commercial vegetable growers  
should not overlook the value of  
starter solutions for transplanting,  
says William T. Andrews, vegeta-  
ble specialist at Southern Illinois  
university.

Starter solutions are fertilizers  
that are completely soluble in wa-  
ter and contain a high percentage  
of phosphorus. They are not the  
same as starter fertilizers added  
to soil when planting a farm crop.

Andrews says that starter solu-  
tions for transplanting should have  
an analysis of near 10-52-17 (10  
percent nitrogen, 52 percent phos-  
phorus, and 17 percent potassium).

In transplanting to the garden  
or field such crops as cabbage, to-  
matos, and peppers the best pro-  
cedure is to get the plants into  
the soil as soon as possible after  
they have been removed from the  
plant bed. Pour nearly a cupful  
of starter solution into the hole

around each plant as it is set into  
the soil. If no starter solutions  
are used, add water in transplant-  
ing even when moisture seems ad-  
equate because it helps soil par-  
ticles settle closer about the roots.

Phosphorus helps the plant to  
grow new roots and replace tiny  
roots that often are lost in pulling  
the plant from the bed. Because  
this plant food does not move  
through the soil it is not quickly  
available to newly transplanted  
plants except from a starter solu-  
tion which is poured around the  
roots. Lack of phosphorus is in-  
dicated by the bluish or purplish  
color or often noticeable in garden  
plants after transplanting, particu-  
larly during cool weather.

Andrews gives these additional  
transplanting hints:

In early season planting it is  
better to use smaller, vigorous  
plants that have been "hardened"  
to the atmosphere than large plants  
with lush foliage which have been  
kept under glass in a hotbed or  
greenhouse without hardening by  
exposure to the atmosphere. The  
latter will start more slowly.

Banded plants (those produced  
individually in small wooden or  
paper containers) may be larger  
when planted. Be sure to remove  
the band of wood or paper and  
place the plant with its clump of  
soil intact into a hole, add starter  
solution, and press the soil firmly  
about the plant.

It is better to transplant in the  
evening or on a cloudy day so that  
the plant will not be exposed im-  
mediately to warm sunlight.

If the wind is blowing, set up a  
board or strip of burlap to protect  
new plants from the drying action  
of the wind until root growth has  
begun.

## Rabies Danger to Cattle Outlined

CHICAGO (AP)—The American  
Veterinary Medical Association has  
warned of the danger of rabies in  
cattle. It said that the possibility  
of vaccinating cattle against rabies  
is under study.

Foxes, squirrels and even vam-  
pire bats in some areas of the  
country and in Mexico are spread-  
ing rabies, the association reported.

A test of a new rabies vaccine on  
more than 1,000 cattle in Georgia  
show an immunity in 70 per cent  
of the animals after six and a half  
months, the association said.

In Georgia, the association re-  
ported, more than \$100,000 worth  
of cattle were reported killed by  
rabies in four counties in 1952.

A report from Mexico to the as-  
sociation said that vampire bats  
spread rabies to cattle there. About  
800,000 cattle have been vaccinat-  
ed with virtually complete pro-  
tection, while about 12 per cent of  
unvaccinated cattle became rabid,  
the report said.

Piper outperformed all other Su-  
dan grass varieties in Illinois  
trials in the summer of 1954.

## SIU Country Column

By Albert Meyer

Spring seedings of legumes in  
fields of winter grains may have  
been made in late February or ear-  
ly March, but in such early seed-  
ings one-half of the seed should be  
held for application when warmer  
weather comes in late March or  
early April.

The fluctuating temperature of  
the earlier period will help settle  
the seed into the soil and aid in  
breaking the dormancy of hard  
seeds such as lespedeza and sweet  
clover. However, there is some  
likelihood that freezing may kill  
newly germinated legume seed-  
lings, so it is best to hold back some  
of the seed for application in the  
later period.

Legume seedings in March and  
April may be made with a whirl-  
wind type seeder attached to a  
tractor, with a regular grain drill,  
or with other types of seeders.  
When using surface application  
methods it is a good idea to go  
over the field with a cultipacker  
to press the small seeds into the  
soil. They need not be completely  
covered because spring rains will  
finish the job.

Adequate spring rainfall is ad-  
vantageous too, because it favors  
germination of some seeds that  
even may be at the surface of the  
soil.

Winter wheat and fall-seeded le-  
gumes and grasses that have been  
partly heaved out of the ground by  
water freezing and thawing may  
be benefited by rolling the field.

Alfalfa and sweet clover seed-  
lings that have heaved slightly  
have the ability to pull back down  
into the soil because of the con-  
tractile growth occurring in the  
crown and upper part of the tar-  
root. Red clover does not have  
this ability.

Once growth gets started in the  
spring it is essential to delay pas-  
turing or cutting a week or two  
to allow the legumes and grasses  
to have time to recover from win-  
ter damage.

Do not overlook the value of in-  
oculating legume seed. Such a  
practice may double the forage  
yield from legumes.

If perennial grasses have not  
been seeded in the fall they may  
be spring seeded along with the  
legumes in a prepared seed bed  
using a small grain companion crop

Just as topdressing wheat with  
nitrogen pays off in increased  
yields, so does applying nitrogen  
to grass meadowland during March.  
The farmer will obtain a greater  
yield of early grass for forage by  
doing so.

If ladino clover or alfalfa fields  
or grasslands containing the le-  
gumes in mixture, did not get an  
application of fertilizer last fall  
the plant food may be topdressed  
in March. Such fertilizer needs  
to be heavy on potash and phospho-  
rus. Recommended are those hav-  
ing an analysis of 0-20-30 or 0-15-30  
applied according to needs indicat-  
ed in soil tests.

Balbo rye seeded last fall should  
now be making excellent pasture  
for your hogs. The good thing  
about this crop is that it furnishes  
green, rich pasture when other  
crops are of little value. If you  
pasture your sows on it, it will  
provide cheap insurance against  
breakdowns during late gestation  
and against lactation failures and  
weak litters. Rye as winter pas-  
ture will carry four to six sows  
per acre or about 10 fall pigs.

Remove the cellophane wrapper  
from new lamp shades. Otherwise,  
heat from the light bulb may  
shrink the cellophane pulling the  
shade out of shape.

LET US PROCESS YOUR  
BEEF and HOGS NOW!

**TO CONDUCT REVIVAL MEETING**—Rev. Clifford Bennett, left, will conduct a revival at the Dorrisville Social Brethren church beginning Sunday evening, March 27, and continuing through Easter Sunday, April 10. Services will begin each night at 7:00. Rev. Thomas Guest, right, is the pastor. The music will be under the direction of Leighman Walker. Everyone is invited.

## Egyptian Health Dep't News

### VERDICT ON POLIO VACCINE

**DUE APRIL 12**

A jury of scientists will give its verdict on the value of the Salk vaccine in preventing paralytic polio at Ann Arbor, Mich., April 12. The announcement will be made by Dr. Thomas F. Francis Jr., of the University of Michigan, head of a team which has been analyzing the results of Salk vaccine trials involving nearly 2,000,000 children.

No hint was given as to whether the vaccine protects the children or how well—but there is widespread optimism that Salk vaccinations can end paralytic polio.

Physicians and scientists from all parts of the nation have been invited to attend the April 12 conference which will come on the tenth anniversary of the death of the polio-stricken President Franklin D. Roosevelt.

The National Foundation for Infantile Paralysis sponsored the vaccine research by Dr. Jonas E. Salk, of the University of Pittsburgh, and the extensive tests at the University of Michigan to learn how effective the Salk Polio Vaccine will be in the prevention of paralytic polio.

If the report is favorable and if the vaccine is licensed by the National Institutes of Health, about 18,000,000 persons, mostly children, are expected to receive vaccinations this year. Materials for 9,000,000 vaccinations for all children in the first and second grades of all public, private and parochial schools and also some in the third grades will be provided by the polio foundation, which will meet the expense.

This vaccine will be supplied by six pharmaceutical firms, which also are reported planning to supply enough vaccine for another 9,000,000 or more vaccinations. The latter group of vaccinations would be made by private physicians with the patients paying for the vaccine and the doctor's services.

Three shots—spaced about five weeks apart—are given. Some pharmaceutical firms estimate that the retail cost of the vaccine for three shots will be \$5 to \$6.

The mass vaccination program is put into effect, the vaccine provided by the polio foundation will be made available to public health officials free of charge for school children of the United States, Hawaii and Alaska.

There will be a regular meeting of the Polio Foundation on Monday, March 27, at 7:30 p. m. All members of the degree staff are asked to be present for a practice following the business meeting. Gladys Winkelman, N. G.

IOOF lodge No. 386 will hold its regular meeting Monday at 7:30 p. m. Leslie Roberts, N. G.

The Lenore circle of the First Presbyterian church will meet Monday at 7 p. m. in the lower rooms of the church with Misses Ada Cable and Nell Anderson as hostesses. Members are asked to bring Bibles.

The Saline County Civic club will present a program Sunday at 3 p. m. in the Masonic temple. Refreshments of homemade cake and ice cream will be served.

Delta Alpha chapter of Delta Theta Tau will hold its regular business meeting Monday at 7:30 p. m. in the club room of the public library.

**Births**  
To Mr. and Mrs. C. R. White, 516 East Church, a boy named William Russell, weighing 7 pounds 9 ounces, born March 24 at the Harrisburg hospital.

**Mother-Daughter Banquet Held By Hi-Tri at HTHS**  
A mother-daughter banquet was held by the Hi-Tri at the Harrisburg Township high school Thursday evening, in Bonnell gym.

Approximately 130 guests were entertained by the Hi-Tri at the banquet. A welcome was first extended by Judy Morse, the president of Hi-Tri, to the mothers present, which was followed by the invocation also given by her. The dinner was served at 6 p. m. by girls in the Homemaking department. Throughout the meal, organ music was furnished by Mona Wickham.

Following the meal, the Hi-Tri aims of success, pleasure, courtesy, friendship and cheer were given by Mrs. Herman Dunn, the sponsor of Hi-Tri. An introduction then followed of the year's Hi-Tri officers and the newly-elected officers for next year. This year's officers were Carolyn Herron; secretary, Sally Smith; and treasurer, Barbara Dunn. The girls who will serve as officers next year are president, Nancy Fulkerson; vice president, Avah Phillips; secretary, Judy Farrar; and treasurer, Dawn Martin.

Nancy then talked to the guests on "Our Hi-Tri Year of 1954-1955," which was then followed by the guest speaker of the evening, Miss Bess Pemberton, talking on "And Him Went Home To Him's Mover." The banquet came to an end with the singing of the Hi-Tri song, "Follow the Gleam," led by Nancy Fulkerson.

Plans for the banquet were in charge of Judy Morse, chairman of the program; Carolyn Herron, chairman of invitations; and Avah Phillips, chairman of decorations. The banquet was prepared and served by the Homemaking department under the direction of Mrs. Leota Leberman.

The Hi-Tri is also making plans now for a Clothing Crusade for the underprivileged children in foreign countries which will get under way in approximately a week in co-operation with the Junior high school.

## Social and Personal Items

**MR. AND MRS. WILLIAM PECK**, who were married Feb. 18 in the Presbyterian church in Chicago. Mrs. Peck is the former Mary Juanita Black, daughter of Mr. and Mrs. Paul Black of Carrier Mills.

### Miss Mary Juanita Black

**Weds William A. Peck**

Mr. and Mrs. Paul Black, Carrier Mills, RFD 1, are announcing the marriage of their daughter, Mary Juanita, to William A. Peck of Chicago.

The wedding vows were spoken in a five o'clock ceremony Feb. 18 in the Presbyterian church, 4144 North Sheridan Road in Chicago.

The bride is a graduate of the Carrier Mills Community high school with the class of 1944 and of Lockyear's college in Evansville, Ind. She moved to Chicago nine years ago and is now sales manager for the Republic Drill and Tool company.

Mr. Peck is a graduate of Dartmouth college in Cleveland, Ohio, and is a stock broker in Chicago. The couple is now residing at 4134 1-2 North Sheridan Road in Chicago.

The lesson on "The Compassion of Jesus" was given by Mrs. B. G. Funkhouser.

Mrs. Horning, assisted by Mrs. G. O. Davenport and Miss Nellie Barter, served coffee and homemade cookies.

Mrs. Charles E. Combe was hostess to the Lydia circle assisted by Mrs. Lloyd L. Parker and Mrs. Dan Ludlow.

Mrs. W. J. Cooley presided over the meeting and two guests. Plans were made for a coffee to be held on Wednesday, April 13, at the home of Mrs. Lloyd L. Parker from 7:30 to 11 a. m. The public is invited, it was announced.

The lesson and devotion were given by Mrs. W. L. Tate who read two chapters from "The Master Calhoun for Thee" and by Mrs. J. C. Thompson who gave appropriate passages from the New Testament.

The Martha division met with Mrs. Archie Chapman with 13 members and three visitors present. Visitors were Mrs. Hugh Dorado of Pontiac, Mich.; Mrs. Tom Gram of Harrisburg and Mrs. L. B. Crosswell of Des Moines, Iowa.

The lesson and devotion on "The Eleven Appearances of Jesus" were given by Mrs. J. O. Hall.

Refreshments of homemade cookies and coffee were served.

Mrs. John R. Jackson was hostess to the Naomi circle assisted by Mrs. William Davidson and Mrs. Vivian Gibbs.

Mrs. Gibbs presided and Mrs. Bert Rude gave the opening prayer. Twenty-four members were present.

Mrs. Fred Russler presented the devotion on the 23rd Psalm which was written by David while in great danger. Mrs. Verl Yonge gave an interesting lesson from the study book titled "Women of the Bible." The subject was the "Compassion of Jesus."

Pudding and coffee were served at the close of the meeting.

The Ruth division met at the home of Mrs. William Biggers, 111 North Granger. Mrs. Biggers was assisted by Mrs. Verna White and Mrs. A. I. Bair.

Seventeen members answered roll call.

Prayer was led by Mrs. C. M. Jones, and Mrs. Robert Melven gave the devotion. The lesson on the Easter Story was given by Mrs. Ray Durham.

A birthday party was planned for the April meeting to be held in the new education building.

**Galatia Register**  
Mrs. Edna Jones Representative

Mr. and Mrs. Ray Walker of Detroit, Mich., and Mrs. Ted Sheffer and children of Mt. Vernon and P. W. Upchurch of Omaha, Neb., were guests at the P. O. Upchurch home Sunday.

Ralph Spencer of Girard visited in Galatia Sunday.

Mrs. Louise Imhoff and children of Verdun, Ill., visited her mother, Mrs. Ethel Neighbors, and friends over the week end.

Mrs. Carolyn Mansfield and little daughters of Redwood City, Calif., are visiting her parents, Mr. and Mrs. C. R. Jones.

Everyone is invited to the revival meeting at Lone Oak church conducted by Rev. Smith Williams of Wyndoff, Mich. He is assisted by Rev. Braden of Galatia.

Mr. and Mrs. Ed Irvin have sold their property up town and will soon move to the housing project in the east part of town. Robert Patterson was the purchaser.

### Marriage Licenses

Louis Bryant Jr., 22, and Sharon Imogene Kingston, 22, both of Stonefort.

Donald Phillip Morris, 19, and Gloria Yvonne Cummins, 17, both of Harrisburg.

Boil clothespins for a few minutes in salt water to toughen them against splitting and to keep them from freezing to wet clothes.

**TO HOLD REVIVAL**—Revival services will begin Monday, March 28, at Calvary Tabernacle, 415 South Mill street in Harrisburg. The Rev. and Mrs. Clarence E. Lambert of Benton will be the evangelists and will present special singing nightly. The Rev. Lloyd H. Aud, pastor, cordially invites the public to attend the services which will begin at 7:30 each evening.

**JOIN!**  
The American Red Cross Blood Program serves about 3,500 hospitals in the United States, providing the total blood supply for over 2,000. Last year, 241,400 people donated their blood each month—a total for the year of 1,811,900 donations for civilian use and 1,084,500 for national defense. To maintain this essential activity, join the Red Cross and give generously to its fund campaign.

**PUBLICATION NOTICE**  
State of Illinois, County of Saline, ss.  
In the Circuit Court of Said County.

Detroit Steel Products Co., a corporation, et al. Plaintiffs, vs. Irving I. Hudes, et al. Defendants.

In Chancery Case No. 55-C-15  
Notice is hereby given you, Unknown Owners, named as defendants in the above entitled cause that suit entitled as above has been commenced and is now pending against you and other persons wherein plaintiffs seek to foreclose their respective Mechanics' Liens against the following described real estate situated in the County of Saline, State of Illinois:

A portion of the southeast quarter (SE<sup>1</sup>/<sub>4</sub>) of the southwest quarter (SW<sup>1</sup>/<sub>4</sub>) of Section Twenty-one (21), Township Nine (9) South, Range Six (6) East of the third principal meridian, being more particularly described as follows: Beginning at the southwest corner of the southeast quarter (SE<sup>1</sup>/<sub>4</sub>) of the southwest quarter (SW<sup>1</sup>/<sub>4</sub>) of Section Twenty-one (21), Township Nine (9) South, Range Six (6) East and running in an easterly direction along the quarter-section line for a distance of approximately three hundred ninety-nine (399) feet to the centerline of State Aid Route Eleven (11), thence running in a southeasterly direction along the centerline of said State Aid Route with an angle to the right of eighty-six degrees (86°) and thirty-one minutes (31') for a distance of six hundred twelve (612) feet to a point on said centerline thence running in a westerly direction with an angle to the right of ninety-three degrees (93°) and twenty-nine minutes (29') for a distance of thirty and one tenth (30.1) feet to a point on the west right-of-way line of said State Aid Route which is the point of beginning, thence continuing westerly along the same line for a distance of two hundred fifty (250) feet to a point, thence running in a southerly direction with an angle to the left of ninety degrees (90°) for a distance of four hundred (400) feet to a point, thence running in an easterly direction with an angle to the left of ninety degrees (90°) for a distance of two hundred sixty-four and three tenths (264.3) feet which is a point on the west right-of-way line of said State Aid Route, thence running in a northwesterly direction along said right-of-way line with an angle to the left of ninety-three degrees (93°) and twenty-nine minutes (29') for a distance of two hundred seventeen and seven tenths (217.7) feet, thence running in a northeasterly direction along said right-of-way line with an angle to the right of ninety degrees (90°) for a distance of ten (10) feet, thence running in a northwesterly direction along said right-of-way line with an angle to the left of ninety degrees (90°) for a distance of one hundred eighty-three (183) feet to the point of beginning, containing two and thirty-six hundredths (2.36) acres, more or less; and for other relief.

And you, Unknown Owners, are further notified that unless on or before Monday, May 2, 1955, you shall appear and defend in said suit, default judgment may be entered against you on the day following or thereafter.

## Cardinals Picked as 'Dark Horse' in National Race; Stanky Hopeful on Pitching

By LEO H. PETERSEN  
United Press Sports Editor  
ST. PETERSBURG, Fla. (AP)—Many baseball people are picking the Cardinals as the "dark horse" of the National League pennant race.

They figure Manager Eddie Stanky has a sound ball club and if he comes up with pitching the team could win the pennant. Stanky agrees.

"We'll go just as far as our pitching will take us," Stanky said, adding that he was hopeful his team again would lead the league in hitting and stolen bases despite the loss of third baseman Ray Jablonski, who drove in 104 runs last year.

Jablonski went to the Redlegs along with pitcher Gerry Staley in the deal which brought the Cardinals relief ace Frank Smith.

"I know we gave up a lot to get Smith, but we feel we did the right thing. The factor that hurt us most last year was relief pitching," Stanky said.

**Figures Prove It**  
Figures bear him out. Last season he called on 17 different hurlers in 261 first aid jobs. With Smith, who had an earned run average of 2.67 in 50 appearances, Stanky may have solved the problem.

He also feels he has four pitching hopefuls who may come through. "If two or three of them make it, I would say our pitching prospects are hopeful," Stanky declared.

The four are Luis Arroyo, who last season won 16 and lost nine pitching for Columbus, Ga., and Houston; and three Rochester graduates—Jack Faszholz, an 18-game winner; Tony Jacobs, who won 13 while losing only one; and Larry Jackson, who won 12.

For his starting five, Stanky is counting on Harvey Haddix, his 18-game winning southpaw; Brooks Lawrence, who was a 1954 sensation, winning 15 and losing six for the Cardinals after being called up in mid-season from Columbus; Gordon Jones, with a 4-4 record after spending most of the season with Houston and Omaha; and holdovers Tom Poholsky (5-7), the veteran Vic Raschi (8-9) and Joe Presko (4-9). Stanky hopes Poholsky finally will live up to his promise and be a regular starter. Raschi will be used as a spot pitcher "once a week," according to Stanky.

Other pitching possibilities include Bobby Tiesman, who has impressed despite his 5-8 record at Houston last season; Stu Miller, the slow ball hurler who won only two games last season and knuckle ball lefty Paul LaPalme, obtained from the Pirates with whom he won four and lost 10 in 1954.

**Problem At First**  
Outside of pitching, Stanky's biggest problem is first base. He is going to give Joe Cunningham and Tom Alston every chance to win the job so he can keep Stan Musial in the outfield.

"My plans definitely do not include sending Musial back to first base," Stanky said. Alston, after hitting only 246 with the Cardinals was sent to Rochester, where he batted .297. Cunningham, who had hit .319 at Rochester, then was

called up and batted .284 with the Cardinals.

The rest of the infield is set with Red Schoendienst at second, Alex Grammas at short and rookie Ken Boyer, who hit .319 at Houston last season with 21 homers, 116 runs batted in and 29 stolen bases, taking over for Jablonski. Solly Hemus will be in reserve as Boyer doesn't make it, but those who have seen the rookie are sure he will be a star.

If Musial isn't needed at first the outfield will be the same as last season with Wally Moon, who batted .304 in his rookie season, and Rip Repulski the other regulars. Two rookies, Bill Virdon, who hit .333 at Rochester, and Harry Elliott, a .350 hitter at San Diego, may win the reserve outfield spots along with Joe Frazer, who as a part time player and pinch hitter batted .295 with the Cardinals last season.

Stanky rates Bill Sarni as his No. 1 catcher but admits the veteran Del Rice could win the job. Sarni took over last year when Rice was hurt and did so well he kept the job.

**WHITE SOX END SIX-GAME LOSING STREAK**

SARASOTA, Fla. (AP)—The Chicago White Sox' six-game losing streak was ended today on the strength of fine performances by two key veterans—pitcher Virgil Trucks and shortstop Chico Carasquel.

Trucks, a 19-game winner last season, yielded only three hits in five innings in addition to clouting two homers while Carasquel blasted a grand slam homer to lead the White Sox to Friday's 14-5 win over the Detroit Tigers. The victory made the White Sox' spring record 5-8 compared to the Tigers' 6-8 mark.

Clint Courtney and Orestes Minoso, collected three hits for the White Sox who play the Boston Red Sox today. The Red Sox dropped a 5-3 decision to the Pittsburgh Pirates Friday when Russ Kemmerer's wild streak enabled the B's to score four runs on one hit.

**ROOKIE TRIPLES AS PHILLIES BEAT CARDINALS**

CLEARWATER, Fla. (AP)—Rookie Stan Palys' chances of sticking with the Philadelphia Phillies were increased today with one swing of his bat.

Palys, who hit .316 for Schenectady last season, had a two-run triple in the ninth inning to give the Phillies a 7-6 triumph over the St. Louis Cardinals. The blow followed two walks, a single and an infield out that produced one run.

Red Schoendienst homered to the Cardinals while rookie infielder Ken Boyer blasted two round-trippers.

**FAST TALKER**  
East Lansing, Mich. (NEA)—Kevan Gosper, Michigan State's Big Ten 440 and 600-yard track champion, is a featured lecturer with the Student Speakers Bureau. His subject is his native Australia.

## Briefs from Training Camps

**ANTONELLI BREEZES FOR SIX INNINGS**

MESA, Ariz. (AP)—Left-hander Johnny Antonelli, who closed the World Series out for the New York Giants last autumn, looks today like he's ready to open the National league season for the champions.

Antonelli breezed six innings Friday as the Giants downed the Chicago Cubs, 6-2, snapping the Bruisers' six-game winning streak in the process. Wes Westrum homered for the Giants and Dee Fondy homered for the Cubs.

Mary Grissom relieved Antonelli in a familiar mop-up relief chore. The teams play again today.

**YANKEES POUND ERSKINE TO WIN, 5-1**

TAMPA, Fla. (AP)—The Brooklyn Dodgers—to whom such things are important—were faced today with the necessity of winning the two remaining games with the New York Yankees if they are to gain even a tie in the annual spring series.

The Yankees made it three victories in four tries Friday when they downed the Dodgers, 5-1, at St. Petersburg. Carl Erskine, the Dodgers' big winner last season, bore the brunt of the attack as the Yankees pounded him for five runs and 11 hits in six innings.

The Dodgers were scheduled today to play the Cincinnati Redlegs.

**HURLER KUCKS IS ROOKIE SENSATION**

ST. PETERSBURG, Fla. (AP)—Pitcher John Kucks was the rookie sensation of the New York Yankees today as they resumed their spring series with the St. Louis Cardinals.

Kucks, who is not even on the Yankee roster, became the first New York pitcher to go seven innings Friday when he spun a three-hit ball in a 5-1 triumph over the Brooklyn Dodgers. Kucks, a right-hander, is a returning serviceman spotted by manager Casey Stengel at the Yankees "rookie camp."

Outfielder Bob Cerv homered for the Yankees before a crowd of 7,212—largest of the local season.

**WHITE SOX POUND GROMEK TO WIN, 14-5**

LAKELAND, Fla. (AP)—Steve Gromek, the Detroit Tigers' big winner last season, apparently needs more work from manager Bucky Harris.

Gromek was blasted for the second straight time Friday as the Chicago White Sox pounded out a 14-5 victory over the Tigers. Lone ray of hope for Harris in the rout was Al Kaline's home run—his first of the spring.

The Tigers play the Washington Senators today. The Senators led the Cincinnati Redlegs, 4-3, at Tampa, Fla. Friday when a rainstorm forced the game to be called off.

There are 450,000,000,000,000,000 molecules in one cubic inch of hydrogen.

## East Favored Over West in All-Star Tilt

NEW YORK (AP)—Ken Loeffler of La Salle and Bruce Drake of Oklahoma direct the kind of squads coaches dream about in tonight's East-West college All-Star basketball game at Madison Square Garden.

Loeffler's East team, headed by All-Americans Tom Gola of La Salle and Dick Ricketts of Duquesne, is favored over Drake's West squad.

Of the 20 players on the two squads, 14 averaged 20 or more points a game this season and four others averaged more than 18.

Buzz Wilkinson of Virginia, the only major college player ever to average 30 points or more a game for two straight seasons, tops the scoring figures on Loeffler's squad with 32.1.

The other East players with their averages: Dick Hemric (27.6) of Wake Forest; Maurice Stokes (26.5) of St. Francis, Pa.; Ed Conlin (26.1) of Fordham; Jesse Arnette (26.1) of Penn State; Gola (24.5); David Weint (23.3) of Geo. Washington; Ed Fleming (22.7) of Niagara; Ricketts (20.0); and Bill Evans (19.9) of Kentucky.

Bob Patterson of Tulsa has the best scoring average on the West squad, 27.5. Don Schlundt of Indiana, the tallest man on either team at 6-10, has a 26-point average. The other West squad men: Jack Twyman (25.1) of Cincinnati; Dick Garmaker (24.2) of Minnesota; Frank Ehmann (23.8) of Northwestern; Cleo Littleton (21.2) of Wichita; Bob McKeen (19.8) of Oklahoma; Al Ferrati (19.6) of Michigan State; and Chuck Mencil (18.6) of Minnesota.

**Problem At First**  
Outside of pitching, Stanky's biggest problem is first base. He is going to give Joe Cunningham and Tom Alston every chance to win the job so he can keep Stan Musial in the outfield.

"My plans definitely do not include sending Musial back to first base," Stanky said. Alston, after hitting only 246 with the Cardinals was sent to Rochester, where he batted .297. Cunningham, who had hit .319 at Rochester, then was

PINEHURST, N. C. (NEA)—This is Golf Capital, U. S. A., all abjections (sic) from California and Texas overruled... quite a come-up since James W. Tufts, grand pappy of the current clan, loosed cows in the meadow in 1898 to supply milk for his hostelry... and found the bovine critters supplanted by guests in the meadow banging golf balls.

There are more golf bags per capita in Pinehurst than repentant souls at a Billy Graham revival... in six months, 75,000 rounds of golf are played on the country club's four 18-hole courses.

President Dick Tufts, the mayor without portfolio in this private community that hires its own cops and firemen, played his first nine in 1904... and still shoots in the 70s (off the women's tees).

Few years ago, Babe Didrikson Zaharias came early to Pinehurst's North and South tournament for a few days' practice (she was still an amateur)...

"Would you like to pay your greens fees now or later?" she was asked in the clubhouse. The Babe snorted, "But I never pay greens fees." Tufts sent word: "Tell her she doesn't have to pay greens fees. But also tell her I'm sending a letter to the United States Golf Association..."

She paid the greens fees... Tufts is a good bet to be the next USGA president.

A gal golf champ here gets more attention than Marilyn Monroe crossing a sidewalk grating.

It was in 1902, when grand-pappy Tufts thought of expanding his original 9-hole layout to 18, that Allen Treadway, a congressman from Massachusetts, cautioned, "I'm agin it. Golf is just a fad. It'll never last." The North and South Amateur, sponsored by Pinehurst, has been played continuously since 1901.

Greatest golf fan among the pines is Gen. George Marshall, who's out in all weather, and has a favorite vantage spot at the fourth tee from which he can see play in progress on four holes simultaneously.

When it rains, you hop in your car and trail around the course in comfort over maintenance roads intertwining the pastures.

We came expecting to smell magnolia... and wound up whiffing

**Bob Baker Wins Lop-Sided Decision For Ninth Straight**

NEW YORK (AP)—Heavyweight contender Bob Baker of Pittsburgh, who licked one Cuban Friday night, issued a warning today to another Cuban, Nino Valdes to "fight me or be by-passed in the race for a September shot at the title."

Big Bob, third-ranking contender, won a lop-sided decision over unranked Julio Mederos of Havana in their nationally televised and broadcast 10-rounder at Madison Square Garden Friday night.

It was his ninth straight victory. Today Baker said, "Manager Dusty Bettor and I will increase our original offer to decide which of us will challenge in September. If Valdes refuses this time, we'll by-pass him. I beat him two years ago, and I can do it again."

Valdes is the No. 1 contender. But he already has been by-passed by second-ranking Don Cockell of England for a May title fight with champion Rocky Marciano.

**KANSAS CITY A'S BEAT ORIOLES, 7-4**  
FORT MYERS, Fla. (AP)—Bob Trice, who asked to be returned to the minor leagues last season, stood out today as a pitcher capable of helping the rickety Kansas City Athletics' pitching staff this year.

Trice pitched three-hit shutout ball for six innings Friday as the Athletics beat the Baltimore Orioles, 7-4, for their first victory of the spring at West Palm Beach. The Orioles had won the seven-inning opener of the doubleheader, 10-3.

Bill Renna hit a grand slam homer for the Athletics in the second game while Gus Triandos and Hal Smith homered for Baltimore in the opener. The Athletics play the Pittsburgh Pirates here today.

Dick Tufts

onions... from scallions sprouting all over the terrain...

Sand, the bane of all golfers, is the boon of Pinehurst... which lies on an old ocean shelf... so that when it rained 7 1/2 inches in 24 hours during Hurricane Hazel last fall, an hour later the course was playable. If you're looking for recreation (?), down the road a piece there's a not so secluded hideaway that looks like a little Las Vegas in staid 'ol No'th Carolina... and they have been known to wager at the steeplechase track nearby, although there's no parimutuel machine... until this year, bookie stalls operated openly.

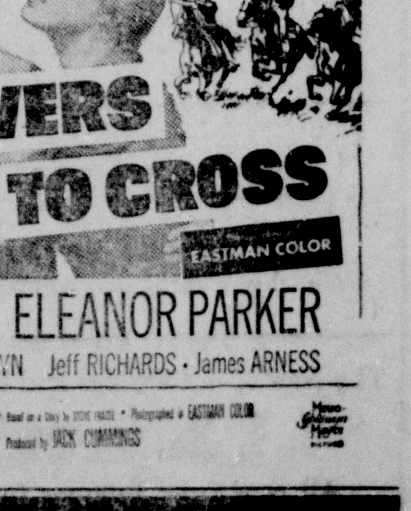

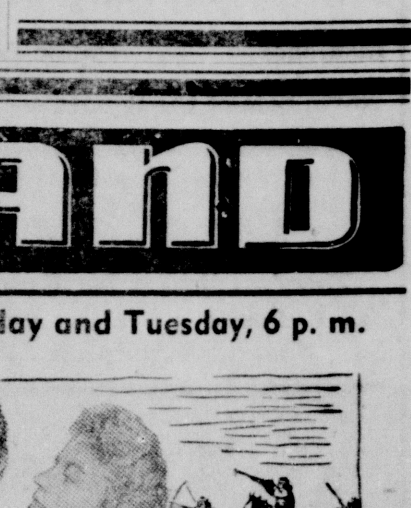

Village character is Causey (Happy) Talbot, who pilots a rickety 1921 White bus around the lanes, 'cept when he decides to take off for a short nap... estimates he's transported Pinehurst's golfers 300,000 miles since 1917...

Pinehurst is also the great harness horse training center... where Octave Blake prepared Newport Dream for the 1954 Hambletonian victory.

By all odds, golf's most prominent and colorful figure on the distaff side is Wiffi Smith, who told one newsmen she's 18, another 19 and better settle for the 18, otherwise she'd have been ineligible to win the U. S. juniors in '34... On her way to the North and South title, the hefty California miss burst into the locker room and yodeled, "Hey, Romack, where are you? I'm coming after you tomorrow..." and handed U. S. titleholder Barbara a 6 and 5 pasting in the semis.

Between you'n'me, wonder how that catfish is doing that La Ramack deposited in the hotel pond at St. Augustine...

## Annual Town Meeting and Election

NOTICE IS HEREBY GIVEN

To the legal voters, residents of the Town of Harrisburg in the County of Saline and State of Illinois, that the ANNUAL TOWN MEETING AND ELECTION OF OFFICERS of said Town will take place on

**Tuesday, April Fifth, A. D. 1955**

being the first Tuesday of said month

The polls will open at 6 o'clock A. M., and will close at 5 o'clock P. M., on said day in the place or places designated as follows:

- Precinct No. 1, City Hall, 112 E. Locust St., City of Harrisburg.
- Precinct No. 2, 217 E. Poplar St., City of Harrisburg.
- Precinct No. 3, Hart's Motor Sales, Main and Church Streets, City of Harrisburg.
- Precinct No. 4, Franks' Bottling Works, Jackson and Logan Sts., City of Harrisburg.
- Precinct No. 5, Logsdon Building, Longley and Feazel Sts., City of Harrisburg.
- Precinct No. 6, Egyptian Custom Trim Shop, Route 45, Town of Harrisburg.
- Precinct No. 7, Mugge-Hall Building, State Route 13, Town of Harrisburg.
- Precinct No. 8, Muddy School, Muddy, Town of Harrisburg.
- Precinct No. 9, Village Hall, former Village of Gas-kins City, City of Harrisburg.
- Precinct No. 10, Leo Richmond Garage, 510 S. Granger St., City of Harrisburg.
- Precinct No. 11, Soward Motorcycle Shop, 332 W. Robinson St., City of Harrisburg.
- Precinct No. 12, North Willford School, Dorris Heights, Town of Harrisburg.

The officers to be elected are:

- ONE HIGHWAY COMMISSIONER
- ONE MEMBER BOARD OF TOWN PARK COMMISSIONERS
- ONE JUSTICE OF THE PEACE

The Town Meeting for the transaction of miscellaneous business of said Town will be held at the hour of 2 o'clock P. M. on said day at the office of Town Clerk in the Court House in the City of Harrisburg, Illinois and a moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town and decide on such measures as may, in pursuance of law, come before the meeting; and especially to consider and decide the following:

Adopt budget and appropriation ordinance and make annual town levy.

Given under my hand at Harrisburg, Illinois, this 25th day of March, A. D. 1955.

Evening worship 7:30.  
Bible class Wednesday 7:30 p. m.  
Prayer service Thursday 7:30 p. m.

Naturally, they're pleased about it—it's their first bankbook. This is something they've managed together. They've saved for the things they want, and also for that "rainy day."

It's wise to save for a rainy day. But it's also wise to remember that drought can be just as devastating as rain... particularly spiritual drought.

Faith is the balance you'll find in your spiritual bankbook. It is something that you can renew, something that you can add to, and something that will pay you immeasurable dividends. Where else can such faith be renewed and developed than in the House of the Lord—your Church?

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	25	1-10
Monday	Psalms	99	12-17
Tuesday	Luke	4	1-8
Wednesday	Luke	8	16-21
Thursday	John	15	25-33
Friday	Romans	12	14-21
Saturday	Psalms	24	1-10

By Dr. Archie E. Brown  
Pastor First Baptist Church  
Vandalia, Ill.

### 'Christian and Social Order'

Matt. 5:13-16; Romans 13:8-10; 1 Peter 4:12-16

GOLDEN TEXT: "Be not overcome of evil, but overcome evil with good." (Romans 12:21)

INTRODUCTION: There are many social implications in the Bible which have been overlooked by many Christians today. The Christian does have a responsibility to the world. Of course, we know that the Bible teaches that a Christian is not to be a part of the world. However, that same scripture passage tells us that we must live in the world. While we are in the world, we are to help where help is needed.

I CHRISTIAN INFLUENCE IN THE WORLD (Matt. 5:13-16)  
Jesus tells us that his followers (Christians) are like salt and light to the world. Salt gives flavor to food. It also preserves food and prevents its decay. Jesus says that we are to give Christian flavor and preservation to the world by our influence as Christians.

1. SALT: Salt does not cure corruption, but it does prevent the spread of corruption. A Christian cannot cure sin, but his very presence prevents its spread. Evil people will not practice their evil in the presence of one whom they know to be a good Christian.

2. LIGHT: Jesus tells us that He is "the Light of the World." Here, He tells us that we are "the light of the world." In other words, we are to reflect His light into a world darkened by sin. The Christian, by living daily close to Christ, is able to reflect some of the glory of Christ.

II CHRISTIAN LOVE IN THE WORLD (Romans 13:8-10)  
"Owe no man anything, save to love one another; for he that loveth his neighbor hath fulfilled the law." Jesus here tells us something that many people need to learn. We are living in a day of "easy payments." Some folks will buy on credit, regardless of their ability to pay. Credit is abused and people are hurt. Jesus knew

the situation and warned His followers against it. A Christian "head over heels" in debt is not a good influence.

There is a perpetual debt that every Christian has, and that is to "love one another." This love is to be extended beyond home and community into the "utmost parts of the world. We must pay this debt of love daily.

III CHRISTIAN TRIALS IN THE WORLD (1 Peter 4:12-16)  
Christians do not escape sufferings and trials while living in this world. Jesus has never promised any such thing. However, in the life hereafter, the Christian sufferings and trials will be over. The person who is not a Christian may have it good while here on earth, but he will suffer eternally in the life to come.

Notice that Jesus says in that 16th verse: "But if a man suffer as a Christian, let him not be ashamed; but let him glorify God in His name." We have all seen some Christians glorify God in their time of sorrow and trial.

CONCLUSION: It is a wonderful thing indeed to have the privilege of being a Christian. We should not take this privilege lightly. Every Christian has the duty of making his influence count for Christ. Every Christian should combat sin in its every form. We are to love one another and to "love our neighbors as ourselves." That is a big order, but with each one doing his part, it can be done. Christians, let us let our lights so shine as to cause others to want to know our Lord as their Saviour. That is Christian living in the world today.

**First Church of God**  
Charlotte Street  
E. C. Fisher, pastor  
Sunday school 9:30 a. m.; Ed Keneipp, superintendent.
